

BRAINERD DAILY DISPATCH.

VOLUME 5, NO. 90.

BRAINERD, MINN., MONDAY, SEPTEMBER 18, 1905.

PRICE TWO CENTS

PEACE NOW ASSURED

SWEDEN AND NORWAY WILL NOT GO TO WAR OVER THE QUESTIONS AT ISSUE.

AGREE UPON A COMPROMISE

COMMISSIONERS AT KARLSTAD WORKING OUT THE DETAILS OF THEIR PLAN.

London, Sept. 18.—The Karlstad correspondent of the Times says that on Friday the Swedish commissioners intimated their willingness to meet the desire of the Norwegian commissioners for the simultaneous treatment of both questions at issue, by offering to allow the stipulation regarding an arbitration treaty to form part of an agreement for the demolition of the forts and to come into force at the same time. Since then, the correspondent says, details regarding the question of demolishing the fortresses have been under discussion, but the situation is now clear and there is every hope that it will have a rapid and satisfactory solution.

SATISFACTION IN SWEDEN.

Compromise Proves Agreeable to That Country.

Stockholm, Sept. 18.—Nothing is known here regarding the details of the compromise reached by the Swedish and Norwegian commissioners at Karlstad, but it is reported that all the fortresses except that of Kongsvinger will be dismantled. The newspapers echo the public expressions of satisfaction over the report that a compromise has been arranged. The Svenska Dagbladet says:

"If Sweden is to be able in the future as in the past to fulfill her historic mission as the outpost in the North for the protection of the Germanic races then in this controversy the lesser must give way to the greater."

Reports continue to be published here from travelers to the effect that Norway is engaging in extensive military preparations and in the construction of temporary fortifications, special activity being noted during the past week.

QUIETER FEELING PREVAILS.

Norwegians, However, Fear Peace May Have Been Bought Too Dear.

Christiania, Sept. 18.—Peace between Sweden and Norway being assured a quieter feeling prevails here. News from Karlstad, however, is still awaited with the keenest interest. The expression is unanimous in hoping for a speedy settlement of the question. There are some misgivings entertained that peace may have been bought too dear, but all the newspapers express the belief that peace has been secured, providing it is on an enduring basis.

The Aftenposten says there are still some difficulties to be overcome, but they cannot, according to human calculations, lead to a rupture. The candidature of a prince of the house of Bernadotte for the Norwegian throne is now considered to be set aside.

UNFORESEEN DIFFICULTIES.

Appear for Solution at Swedish-Norwegian Conference.

Karlstad, Sweden, Sept. 18.—The Norwegian and Swedish delegates sat in conference from noon until 2 o'clock and from 5 until 7, at which time they adjourned for the day.

The question of fortifications is still being discussed and some unforeseen difficulties have appeared. It is expected that the discussion will be concluded Wednesday and the preliminary result will then be submitted to the riksdag and the storting. The riksdag's approval of the results of the negotiations is sure, but that of the storting is doubtful, especially if the Norwegian delegates yield on the questions concerning the forts.

IN A PEACEABLE WAY.

Norway and Sweden to Adjust Their Difficulties.

Washington, Sept. 18.—Reliable information has reached the department of state that in a few days Sweden and Norway are expected to report an amicable settlement and adjust their differences in a peaceable way. The consideration and settlement of details has caused delay.

Will Not Visit the United States.

Halifax, N. S., Sept. 18.—Lieutenant Governor Jones has received a dispatch from Prince Louis of Battenburg stating that the orders for the Second cruiser squadron of the British navy to visit the United States have been countermanded.

INJURED BY AN EXPLOSION.

One St. Paul Boy Fatally and Two Others Badly Hurt.

St. Paul, Sept. 18.—Louis Stieger, nine years old, and Joseph Sprich, thirteen years old, were frightfully burned by an explosion of powder in a mushroom cave on the West Side at 3 p. m. The physicians at the city hospital say that the Stieger boy cannot recover and that Sprich is in a serious condition.

The boys had gone into the cave, which had been dug into the cliff nearly 200 feet. They found some powder which had been left there by the workmen who are blasting out the cave. The boys made a little mound of several handfuls of the explosive and put a match to it.

The force of the explosion knocked the boys down and set fire to their clothing. Parts of Stieger's clothing were found at the mouth of the cave, 200 feet from where the explosion occurred. He was burned from the thighs to the top of his head.

Sprich was burned about the face, arms and legs. Both were taken to the city hospital. John Sprich, eleven years old, who was in the cave, escaped serious injury but had his hands burned while trying to tear the burning clothing from his brother.

CHARGED WITH HOMICIDE.

Warrant Out for the Arrest of a New York Man.

New York, Sept. 18.—Coroner O'Gorman early Monday morning issued a warrant for the arrest of Joseph Girard, a driver, charging him with the murder of Augusta Pfeiffer, the twenty-two-year-old girl whose body was found in Pelham road in the Bronx Saturday. Coroner O'Gorman said:

"We have traced the movements of Girard up to the time of the murder and to within 200 feet of the place. We have also traced the movements of the girl up to 8:30 o'clock on Wednesday night, when she boarded a Throgg Neck car. The two undoubtedly met. The man's clothing has been found in the home of Mrs. Julia B. McMahon of Pelham road, near Eastern boulevard, and consists of overalls and jumper. These are smeared with blood. The last seen of Girard was when he left home on Thursday morning at 6 o'clock."

The warrant charges Girard with homicide. Edward Harned, a hack driver, and Julia McMahon have been committed to the house of detention as witnesses.

KILLS FORMER SWEETHEART.

Indiana Man Then Ends His Own Life With a Revolver.

Crown Point, Ind., Sept. 18.—Harry Hohman of Hammond, Ind., son of a wealthy family, angered because his fiancée of five years had married Charles Jeannette of Steger, Ill., Sunday in the presence of many persons fired four bullets into his former sweetheart's heart and then killed himself.

Miss Ida Taylor had been betrothed to Hohman for five years, but two weeks ago she was married to Jeannette. She was a beautiful woman and had been connected with a summer resort hotel before her marriage. She and her husband lived at this hotel.

Vowing vengeance, Hohman came to crown Point Saturday and secured a room at the hotel where the Jeannettes stayed.

Sunday afternoon Mrs. Jeannette went to the back yard and Hohman followed her. As she turned to face him, Hohman drew a magazine revolver and fired four shots at the woman. As she fell dead Hohman fired two bullets into his breast and fell dead beside the woman's body.

SIMPLY A PLEASURE TRIP.

Czar Nicholas and His Family Start on Cruise in Finnish Waters.

St. Petersburg, Sept. 18.—Emperor Nicholas, with the empress and their children and Grand Duke Alexis, started during the day on a cruise in Finnish waters. They are expected to return toward the end of the week. Included in the emperor's suite are General Baron Fredericks, aide de camp to his majesty, and Admiral Birtleff, minister of marine, who declare the cruise is to be simply a pleasure trip.

Count Lamsdorff, foreign minister, also accompanied the emperor. The first place of call will be Trongsund, near Viborg.

The emperor's absence from St. Petersburg will probably delay the signing of the peace treaty.

CLEAR UP MYSTERY.

Finding of John Traumer's Body in the River at Watertown, Wis.

Watertown, Wis., Sept. 18.—The finding of the body of John Traumer in the river here Sunday clears up a mystery involving the drowning of Miss Emma Schulz. Traumer and Miss Schulz went boating last Wednesday night and on Thursday the young woman's body was found floating in the river and the boat overturned. No trace of Traumer's body was found until Sunday. The general belief now is that both were accidentally drowned.

H. F. MICHAEL CO'S Daily Sore News

'Tis wise to buy early

Especially in dress goods and such materials as you wish to make up. We show better assortment of them now than we can later. Our dress goods assortment this season is a real pleasure to see. They are correct in style and most reasonable in price.

The "Taka" Club meets tomorrow

Come tomorrow if you would secure help with your embroidery. The club meets at the store at 2 o'clock.

This club is an organization for the furtherance of art needlework and meets at our store every two weeks. The ladies ask but 5c a month as dues for those who would join. Competent instructors are at your service.

Store open tonight

As this is Foundry pay day our store will be open tonight. You doubtless remember that we close at 6 o'clock on other evenings other than Saturdays and pay days.

IN CANADIAN WATERS

AMERICAN FISHING TUG FIRED UPON BY THE DOMINION CRUISER VIGILANT.

SHIP RIDDLED WITH SHELLS

MORE THAN THIRTY SHOTS HIT VESSEL AND TWO MEN ON BOARD WERE HURT.

Erie, Pa., Sept. 18.—The fourth of the fishing tug episodes of the past week took place in midlake Sunday when the Canadian cruiser Vigilant riddled the big steam tug Harry G. Barnhurst with small shells from rifles on the patrol boat. Captain Nichol Fassel admitted afterward that the Vigilant could have sent him to the bottom if Captain Dunne had so desired. They ran more than eight miles under full head of steam before they crossed the boundary line and escaped from the Canadians. More than thirty shots struck the vessel and of these three small shells landed with telling effect on the upper works, so that the boat careened to one side with the mass of wreckage when she came into port.

Having been used formerly for a pleasure steamer, the Barnhurst was well fitted up for accommodations.

Two fishermen were cut in the face by splinters shot away by bullets. The Barnhurst, according to Captain Fassel, was about five miles over the line drawing nets when the Vigilant appeared. Captain Dunne ordered the Barnhurst to stop, but instead of doing so Captain Fassel put on full steam and started for the line. He could not be headed by the Vigilant.

It has become quite the custom for the Erie fishermen to cross the line, regardless of strict orders from the companies employing them. They never think of surrender when there is a chance to run away. The Barnhurst lost a large quantity of nets.

TWO MEN MISSING.

Believed to Have Been Drowned in the Mississippi River.

St. Louis, Sept. 18.—While returning from a trip to the Illinois side of the Mississippi river Sunday, a barge containing a party of at least six men was capsized by hitting a drifting log. All of the pleasure-seekers known to have been in the boat have been accounted for except Alexander D. Soutela and Frank Meyer, who are believed to have been drowned.

Whale Meat Instead of Beef.

Newfoundland is developing a new industry in the form of selling whale meat in place of beef, says the New York World. One of the dealers says that the new meat tastes more like venison than beef, and plans are already being made to ship some to England, where it is expected that it will sell for at least 12 cents a pound.

LAKE STEAMER BURNED.

Two of the Crew Drowned in Trying to Make Their Escape.

Sault Ste. Marie, Mich., Sept. 18.—The schooner V. H. Ketchum, bound from Duluth to Cleveland, burned Saturday night off Parisian Island, Lake Superior, and two members of the crew were drowned while attempting to leave the burning vessel in a lifeboat. The fire was first discovered in the after cabin and made such headway that it was soon beyond control. The schooner was immediately headed for shore and was beached in twenty-three feet of water off the island, where she burned to the water's edge. When it was seen that the fire was beyond control, the nine members of the crew, including Mrs. B. Ames, the cook, launched the lifeboat and prepared to row to the steamer Nottingham, which had taken the Ketchum in tow.

In attempting to lower the woman safely into the lifeboat, the craft was capsized and the nine people were thrown into the water. In the struggle to save themselves the eight men forgot the presence of the woman and she was carried some distance away. Mate Andrew Anderson went to her rescue as she was going down for the last time. Seizing her clothing, Anderson turned and attempted to return to the ship, but the high waves carried him farther away and finally the two sank before the eyes of the other members of the crew, who could offer no assistance.

JAP PAYMASTERS DISHONEST.

Three of Them in the Navy Embezzled Large Sums of Money.

Tokio, Sept. 18.—The information has been made public that three naval paymasters have embezzled \$165,000 of government funds.

The announcement has been calmly received by the public, but the knowledge that the commission of the crime extended over a period of a year without discovery may, it is said, cause a feeling of distrust and uneasiness toward the naval administration, and furnish a weapon to the political parties opposing the government.

NOT SO MANY NEW CASES.

Fever Report at New Orleans More Favorable.

New Orleans, Sept. 18.—Following is the official yellow fever report up to 6 p. m. Sunday:

New cases, 24; total cases to date, 2,571; deaths, 2; total deaths, 335; new sub-foci, 6; cases under treatment, 323; cases discharged, 1,913.

The Sunday reports are usually lighter than week days, but it was not expected that it would run as low as it did.

This leads to the hope that the reports next week will be much lighter than they were last week. Among the new cases were Dr. Shanaley of Barratria, the physician who is in charge of the District of Upper Barratria. He moved to that territory from North Dakota a few years ago and owns a small plantation there. He had only a light case.

The state board is in receipt of requests from several localities in the state asking that experts be sent to diagnose suspicious cases of fever and efforts are being made to comply with the requests. Some of these come from sections of the state which heretofore have been free from infections.

The country reports are:

Kenner, 4 cases, 1 death; La Fourche, 2 new cases; La Rose, 2 new cases; Tallulah, 9 new cases; Barratria, 6 new cases; Terra Bonne (2 days), 21 new cases.

NO NEW FEVER CASES.

Patients Under Treatment at Cincinnati Progressing Satisfactorily.

Cincinnati, Sept. 18.—No new yellow fever cases were reported here Sunday, and the cases now under treatment at the branch hospital are progressing satisfactorily.

Don't be imposed upon by taking substitutes offered for Foley's Honey and Tar. H. P. Dunn & Co. mwfwm

SOCIETY WOMAN A SUICIDE.

Takes Poison Because Her Child Was Afraid of Her.

Richmond, Ky., Sept. 18.—Grief-stricken because her six-year-old son, from whose father she had been separated a month, grew pale with fear at sight of her and refused to come within her reach, that she might kiss him, Mrs. Laura Walker Chenault, one of the most prominent society women in the state, committed suicide by swallowing carbolic acid Sunday evening.

About a month ago Mr. and Mrs. Chenault separated, the father taking the only child, a boy six years old. Sunday afternoon Mrs. Chenault telephoned that she would like to see the boy. Mr. Chenault brought the little fellow to the house where his wife was staying. As soon as he caught sight of his mother, who was standing at a window, he positively refused to enter the house. No amount of persuasion could prevail upon him to do so, which so chagrined the mother that she immediately took poison.

Card tables for rent at D. M. Clark & Co. 172tf

IN TRYING TO ESCAPE.

Lake Fireman Fatally Wounded by a Milwaukee Officer.

Milwaukee, Sept. 18.—William Leflar, employed as a fireman on a steamer plying between Milwaukee and Chicago, was shot and fatally wounded Sunday night by a Milwaukee officer after he was arrested and tried to escape. Leflar's injuries were not known until he was being searched at the police station, when wounds were discovered under the left arm and in the hip. Leflar was taken to the emergency hospital, where physicians pronounced the wounds fatal.

MUSIC AND DRAMA.

"THE MISSOURI GIRL."

Tonight "The Missouri Girl" will be seen at the Brainerd opera house. This is one of Fred Raymond's strong holds and it was here last year. The piece and the cast is ample and it is claimed for the production that it will surely please.

This production is being advertised as "one of the fun events" of the season, and amusement lovers who remember the show in previous years say that the phrase has been aptly selected. "Zeke Dobson", the gawky country lad who is chief fun-maker, is pronounced by critics one of the comedy characters of the stage.

The character is a natural one, just such a boy as everyone has met, and still the situations are so funny and his actions so ludicrous that it keeps the audience in laughter. In the second act the country birthday part gives an opportunity for some excellent vaudeville numbers and here again "Zeke Dobson" makes a hit in a country dance—styled the clod-hopper dance—which is said to faithfully reflect the dancing that is best liked by the natives of Southwestern Mission.

* *

"WHEN KNIGHTHOOD WAS IN FLOWER."

In the course of the play "When Knighthood Was In Flower," which comes to the Brainerd opera house on Monday, Sept. 25, as in the book, the action centres about "Mary Tudor, Princess of England," the madcap sister of irascible Henry the Eighth. This role is portrayed by Roselle Knott in the most captivating manner in the world. As "Princess Mary" she dances in and out of every scene, as changing as a summer sky, now haughty as only a royal princess can be, now willful and defiant, again sweet and tender as becomes her, but always winsome, womanly and lovable. It is a difficult role that Miss Knott essays but one to which she proves herself equal in every particular. Never once does she fail to assert her sway over her auditors through all the devious paths where Mary's capricious nature leads her. Her gaiety is natural, her anger real, her love making true, and her quick transitions from rage to tenderness, from one emotion to another, are those of the delightful Mary of the book. And in the more serious and sober third and fourth acts, she shows a depth and versatility surprising in one who is so captivating in the lighter passages. Miss Knott has proved herself a present mistress of her art, yet has a future rosy with promise.

WOMEN WHO WORK

Need Strong, Vigorous Nerves.

The life of women and girls who work is at best a hard one and even under the most favorable circumstances the results often show shattered nervous systems and broken down health. To meet the conditions required of her, to sustain the extra strain and nervous tension of duties never intended for her in the plan of nature, she must use every endeavor to preserve the vitality of her nerves and the regularity of the female functions. No remedy ever offered the world has accomplished the wonderful results obtained from the use of Dr. A. W. Chase's Nerve Pills. By supplying the nerves and blood with the elements necessary to their life and activity, they cause a steady increase of natural strength to both body and mind, brighten the eyes, clear the complexion and instead of a depressed, wornout feeling, there will be one of buoyancy and life. Dr. A. W. Chase's Nerve Pills make life worth living.

Mrs. Anna Doretz, of No. 919 Cleveland Avenue, Niagara Falls, N. Y., says: "I was overtaxed with work and completely tired out. I used to go to bed to think and worry and could not sleep as a result and I was nervous during the day. Hearing of the good effects of Dr. A. W. Chase's Nerve Pills in such affections I determined to try them. I got a box and they were a complete success. They toned me up quickly. I got over the nervousness and sleep finely and restful again. I am sure I am glad to recommend them." 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. Portrait and signature of A. W. Chase, M. D., on every package.

FOR KILLING A WHITE MAN.

South Carolina Negro Shot to Death by a Mob.

Columbia, S. C., Sept. 18.—A special from Honeapath, S. C., to the State says about three miles below there Sunday afternoon Samuel and Jim Moore, two white men, got into a difficulty with Allen Pendleton and another negro. A fight followed, in which Jim Moore was cut and killed by Pendleton. Pendleton escaped and was captured by a crowd who carried him back to scene of the killing and shot him.

Signs of Fall.

When the wind grows kind o' dreary
And the leaves begin to fall
And the marshes echo shrilly
To the bullfrog's twilight call.

Then we know that summer's over,
And we sing a shivering note.
There's the coal and gas bill coming,
And we've got no overcoat.

—Pittsburg Gazette.

JUDGE PARKER TALKS

FORMER PRESIDENTIAL CANDIDATE DISCUSSES CAMPAIGN CONTRIBUTIONS.

NEW YORK LIFE NOT ALONE

OTHER INSURANCE COMPANIES, HE SAYS, DONATED FOR CAMPAIGN PURPOSES.

Esopus, N. Y., Sept. 18.—Former Chief Judge Alton B. Parker, last year the Democratic candidate for president of the United States, during the day referred to the charges made by him in the presidential campaign last fall that corporation funds were being used in aid of the Republican campaign. To a correspondent who called at Rosemount, Judge Parker's home, and asked him if he had anything to say in relation to the statement made by Vice President George W. Perkins of the New York Life Insurance company before the legislative committee investigating the insurance business to the effect that President John A. McCall of that company had caused a contribution of about \$50,000 to be made last year to the Republican national campaign fund, Judge Parker said:

"Yes, I believe I ought to say now that there is no political excitement to distract the public attention that the president of the New York Life was not the only such contributor. The officers of other great life insurance companies, such as the Equitable and the Mutual, also contributed from the policyholders' funds for campaign purposes last year.

"What has been proved in the case of the New York Life will undoubtedly be proved in the other cases. The facts exist, and honest and able counsel backed by an honest committee will undoubtedly bring them out for the public good.

Not the Only Ones to Contribute.

"Were there an investigation of railway, telegraph and other corporations it would be found that these life insurance company officers were not the only officers who put their hands into the treasury and took out moneys belonging to widows and orphans to help secure a partisan triumph.

"That their acts were unlawful and their purposes corrupt goes without saying. They intended to have the money used, as it was in corrupting the electorate. Mr. Perkins makes the point that Mr. John A. McCall, the president of the New York Life, is a Democrat. Apparently he would have the public assume that when Mr. McCall unlawfully and wrongfully contributed these funds—the company's share probably as a member of the underwriting syndicate—it was evidence of political virtue rather than misconduct.

"The truth about it is, and I say it without feeling, but emphatically, that men like McCall have no political convictions that stand in the way of their financial obligations. Such men desire the triumph of the party which will better serve their personal financial interests and will—for contributions, past, present and future—continue to protect those interests by lenient legislation and by pretension at execution of law which shall be tenderly blind to all their offenses.

"There can be no hope of checking the unlawful aggression of officers of corporations so long as they must thus form a quasi-partnership with the organization of the dominant political party.

"The Democratic party, if subjected to the temptations the other party has been subjected to during the past few years, would have acted differently. The facts should be diligently sifted that the people may themselves insist upon legislation making it a criminal offense to make contributions for political purposes and depriving the apparently successful candidates of their offices."

LYNCHING VERY PROBABLE.

Two Tennessee Negroes Surrounded by a Posse of White Men.

Germantown, Tenn., Sept. 18.—As a result of Saturday's clash between Constable Scott, assisted by several other white men, and a crowd of negroes at the Wolfe River race track, at which a negro was killed and Scott and a deputy were wounded and three negroes were shot, Abe Bynum, the colored proprietor of the race track, and his brother John are now concealed in a canebrake around which has been thrown a posse of white men and an encounter is expected before daylight.

Two attempts were made to arrest the Bynum brothers Sunday and after several fusillades the storming party returned to Germantown to await reinforcements. Abe Bynum received a wound on the head, but was only slightly hurt. Excitement is running high and a lynching is looked for if the Bynum brothers are taken alive.

Three Trainmen Killed.

St. Louis, Sept. 18.—The fast passenger train for the Southwest, which left St. Louis Saturday night, was wrecked near Arcadia. Three trainmen were killed and about two injured. The wreck was caused by the train leaving the rails on a short curve, the engine turning over and going down an embankment.

CUYLER ADAMS
IS WELL PLEASED
Pickand-Mather Company Strike
Rich Deposit on Section 8
East of Here
INTERVIEWED BY JAS. MORRISON
Ore Taken Out Considered an Ex-
cellent Specimen and Is of
Superior Structure

The following is from the pen of Jas. Morrison of the Duluth Evening Herald:

"Ore has been encountered in the shaft that Pickands-Mather & Co. are sinking on the Cuyuna iron range. This discovery is as significant and satisfactory as it was unexpected. It shows a quality of ore that wholly was unexpected by the people interested. It also shows an ore body very much larger than drill work gave reason to expect.

"Yes, it is true that ore has been struck in the Pickands-Mather & Co. shaft," said Cuyler Adams to me Thursday. "We had not planned to strike it there—in fact those doing this work did not wish to find it there. It is there, however, and all concerned are gratified over the character of the showing. The ore is better than expected. It is hard, heavy and of superior structure. I really look for it to prove to be a superior quality of limonite—just what the people seeking ore particularly desired.

"Both as father of the Cuyuna range and one of those interested in the property, Mr. Adams could not help showing that he was highly pleased. I called at the office of Pickand-Mather & Co. in the First National bank building. Mr. Munger, the local representative of the Cleveland firm, was out of the city but his office assistant not only corroborated the statement of Mr. Adams but showed samples of the ore. I do not pose as an authority on iron ore but the specimens shown looked good to me. They were iron, certainly, hard, heavy and, when scratched, showed a deep, dark, brown tinge. The ore does not show any magnetism and, allowing for surface effects, is an excellent specimen of hematite characteristics of that range. This discovery means much to the Cuyuna range unless it is very deceiving. It will close the mouths of several croakers and wise ones who had planned to have a huge body of dirty, low grade ore opened up there, with small bands of slate, soft ore and hard ore reposing therein, in disorder and dissatisfaction to the fee holders and lessees.

"In one sense, the find is premature and even unwelcome. When diamond drilling ceased early in summer, a line was drawn that would, it was thought, cover the outer and northerly limits of the orebody. Then, 125 feet away and further north from that, on slightly rising ground, away from surface waters that were plentiful, a shaft was started. It was planned and desired that the shaft should go down 150 feet or so into solid rock and then a cross cut be driven southerly across the orebody, showing the exact width, accompanying rock formation and character of the ore. Old Nature's work and poor man's inability to see underground, have frustrated all those plans and shown up an ore better in every respect than either hoped for or expected. There was no rock whatever between the surface hardpan and the ore. About twenty men are at work,

the pumps have the water finely under control, and the shaft has been constructed thus far without accident or serious difficulties of any kind. One report that quicksand was playing havoc was wholly wrong, for no quicksand whatever was encountered.

"Pickands-Mather & Co. evidently hope for further results on the Cuyuna range, even if not sanguine of attaining them. The company have purchased 120 acres in the southerly part of section 22, 47-28, east of the northeasterly arm of Big Rabbit lake. A drill has been in operation some days, and the last report stated that it was down 120 feet in surface soil and had not encountered either rock or ore."

La grippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else "just as good." H. P. Dunn & Co. mfwlm

SIMONITSCH-TYLER WEDDING
Tomorrow Morning at 9 O'clock Will Be
An Event of More Than Ordinary
Interest Here
The marriage of Miss Jessie Tyler to Mr. Frances Simonitsch will occur tomorrow morning at 9 o'clock at St. Francis Catholic church and it will be an event of more than ordinary interest. Father Stukel, of Wabasso, Minn., a cousin of the groom, will perform the ceremony and he will be assisted by Rev. D. W. Lynch.

Good furnished rooms with board. Inquire at National Hotel. 87tf

EYES examined free by Dr. Bruns, optometrist who fits glasses correctly at National Hotel. September 27 and 28. 90t5

A Card of Thanks
We wish to thank those who helped with their kind aid and sympathy in the sad illness and death of our beloved daughter and sister.
Respectfully,
MR. AND MRS. L. J. GUYETTE AND FAMILY.

DON'T BE SATISFIED.
Don't Be Content With Relief When There is a Certain Cure.
Don't be satisfied with mere relief. Brief freedom from backache. The pain returns when you stop the medicine.
Get a remedy that cures.
Doan's Kidney Pills make permanent cures.
Testimony of Brainerd people proves it.
Here's a Brainerd case:
Mrs. S. Brain, of 601 S 10th St., Brainerd, Minn., says: "I could not do otherwise than endorse Doan's Kidney Pills, and time after time I have recommended them to persons suffering from kidney trouble. I learned the value of this remedy through experience. When I first got Doan's Kidney Pills at H. P. Dunn & Co.'s drug store I was suffering from severe symptoms of kidney complaint. There was a constant dull aching in my back and the kidney secretions were irregular and distressing. From both these causes my rest was broken at night and in the morning I was usually languid and all tired out. Doan's Kidney Pills made a great change in my condition and after continuing the treatment I was so vastly improved that I felt warranted in recommending this remedy through the local papers. I have never changed my mind about Doan's Kidney Pills and have also found that Doan's Ointment is unequalled for itching and bleeding hemorrhoids. Both these preparations should be known to every sufferer.
For sale by all druggists. Price 50 cents. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S.
Remember the name—Doan's—and take no substitute.

**COLLECTING ALMS
FOR CHALDEANS**
Representatives of Gawar, Chaldea,
In the City Soliciting Funds
For Sufferers
ARE IN ARMENIAN TERRITORY
And are Still Under Turkish Rule,
But Conditions Have Improv-
ed Somewhat
Deacon Simon Daniel and Rev. John Savar are the names of two gentlemen who are in the city today soliciting alms for the Syria Chaldea orphan schools and poor. These men belong to what is called the Great Catholic church and resemble in features the type of Syrians who labor in this country in large numbers, except that they are more educated and refined. These men hail from Gawar, Chaldea and they were in the heart of territory which was dealt a most cruel blow during the massacres of about seven years ago. They are not Armenians but live in Armenian territory and are under Turkish rule.

"The conditions there," said Deacon Daniel, "have improved in the past few years but the deplorable state of upheaval as a result of those terrible massacres will be felt for many years to come. We were in the heart of the territory where 100,000 people were slain down like dogs and we are in this country now soliciting alms for the poor and the orphans."

The gentlemen arrived in this country on July 16 and have traveled west from New York. They expect to visit nearly every state in the union.

A. R. Bass, of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys. Was cured by Foley's Kidney Cure. H. P. Dunn & Co. mfwlm

Fine Entertainment
The concert and entertainment to be given tomorrow night at the First M. E. church by the Gridleys will be interesting, as note the following from the Berlin, Wis., Evening Journal:

"The concert and recital given last night at the M. E. church by the Wright-Gridley Co., was largely attended. The musical selections on the mandolin, banjo and guitar were cleverly rendered by Mr. Gridley; his impersonations and humorous sketches were irresistible. Reina Wright Gridley is an excellent reader, but the most enjoyable of her selections were her bird-warblings. She possesses a wonderful throat and the control of her voice as she gives the various bird calls, is certainly very wonderful. You could almost see the birds flitting about giving their merry tones."

Nature demands that your bowels move at least once daily. Constipation is the chief cause of appendicitis. Take a dose of Dr. Adler's Treatment and assit nature. No pain but an easy thorough movement of the bowels will follow. No chances for appendicitis then. Johnson's Pharmacy.

Don't forget that the roller skating rink will be open tonight. Good music.

Office is Renovated.
Dr. Henri Ribble during his absence in the west turned over his office to J. C. Congdon and during that time Mr. Congdon has transformed the rooms into a place of beauty and joy forever. The office is now open for business and Dr. Ribble invites all to call.

If you want your little ones strong, healthy and robust, give them Hollister's Rocky Mountain Tea. A tonic for the whole family. The children's friend. 35 cents, tea or tablets. H. P. Dunn & Co.

Mme. Humbert's Brother Deported.
New York, Sept. 18.—Romaine Daignac, brother of Mme. Therese Humbert, now serving a sentence in France on swindling charges in connection with the Crawford estate, was ordered deported by the board of inquiry of the immigration department under the law which forbids the entry into the United States of a man who has served a sentence in prison for other than political offense.

On the first indication of kidney trouble, stop it by taking Foley's Kidney Cure. H. P. Dunn & Co. mfwlm

The Minnesota & International railway will sell tickets during the summer for one fare for the round trip to all points on the line, good going Saturday and returning Monday. 22tf

You will need to prepare your system for the coming cold weather, get your organs to work like clock work. Hollister's Rocky Mountain Tea taken this month will do the business. 35 cents, tea or tablets. H. P. Dunn & Co.

Rugs, art squares and go-carts. Largest line in city. D. M. Clark & Co. 24tf

Kid Glove Opportunity

We will show this week a very complete line of Ladies' Kid Gloves. They are without question the "Fittest" gloves manufactured. The material and quality are guaranteed, and as we fit them there is no chance for dissatisfaction. REMEMBER every pair is WARRANTED and that we have them in all shades, and if you will bring a sample of your Dress Goods we will give you a perfect match. We want your glove business and will prove to you that it's to your advantage to buy of us.

Our Four Leading Styles that will Please Everyone

The best \$1.25 Kid Glove shown any where in the large cities. Our opening price this week per pair..... **\$1.00**

The best \$1.50 Mocha Glove, silk lined throughout. Our opening price this week per pair..... **\$1.25**

The best \$1.50 English walking Glove with pique seams. Our opening sale price this week per pair only..... **\$1.25**

The "Virginia" is a glove of superior quality, we have them in all shades in the new Beau Mache embroidery Price per pair this week only..... **\$1.50**

Received by Express this Morning
A very complete line of all the new things in Belts—Mocha Belts, all colors in the hour glass waist—Custom made Tailor Belts in the Parsifal styles.

Other New Goods Arriving.

In a few days we hope to have our stock very complete. We feel grateful to our friends and former patrons for their presence at the opening and their good will. We extend to all a welcome. Store open until 9 o'clock.

FIRE ENGINES TO GO.

The Prediction of Chicago's Former Fire Chief.

WILL RELY ON HOSE COMPANIES

In the Near Future Cities Will Have Separate Pumping Stations and Water Mains With Which to Fight Flames, Says William H. Musham, Success of Sprinkling System.

"Within fifteen years there probably will not be a fire engine in service in the United States. The method of fire fighting is being revolutionized, and the big, cumbersome fire engine will soon be relegated to the scrap heap."

The foregoing is the prediction of W. H. Musham, a former fire chief, while recently attending the annual convention of the National Firemen's association in Kansas City. Mr. Musham was chief of the Chicago fire department for four years and first assistant chief of that department for seventeen years. He was let out of the department last October for political reasons after being in the fire service for thirty years, says the Kansas City Star.

"In the future fires will be fought by hose companies," said Mr. Musham. "The best fire fighters in the United States have come to realize they cannot depend on the fire engine for the protection of property interests from fire."

"The change which is under way now is this: The big cities are preparing to install separate pumping stations for fire service whereby a high pressure supply can be instantly obtained in case of fires and maintained for any length of time. What the cities will do and must do is to lay separate fire mains and legislate to force owners of big buildings and factory plants to install water mains within the buildings. With high water pressure hose companies which can reach fires in almost half the time that a fire engine can be able to do better work and get quicker results. The hook and ladder companies, of course, will always be in service, and for reserve purposes the water towers will be utilized. But who can stop fires with water towers? The secret of successful fire fighting is to get at the flame from within the building, and this is why the light hose companies, quick in action, are to become chief reliance of the fire departments."

"Fire engines were never a success. They are too heavy, bulky and slow in action. They often fail to throw a strong stream of water, and the failure has never been more noticeable than in the history of Chicago. Many large fires in my city could have been prevented had we had hose companies

which could have arrived at the scene of the fire in time to check the flames.

"There is no city in the United States which has more rapid progress in this movement than Kansas City. Here you have the high water pressure—without the separate water system, it is true—and twenty-one hose companies in service are becoming rusty. You don't need them, for your hose companies prevent fires of consequence. In the future the aim of fire chiefs will be toward preventing fires by quick action and not by extinguishing them after great loss of property or life."

"There are few new devices for fire fighting excepting some patent. The newest feature is the sprinkling system, which has been generally adopted and is a success. The device has been the means of preventing many large fires."

Marmosets a Society Fad.

Marmosets may not be things of beauty, but society women must have them, it seems, particularly in Boston, says the New York Press. One matron from the Hub who was seen at the Woman's club in New York recently carried one of these little animals tucked up her sleeve. About its neck was a tiny jade circle curiously carved and edged with gold. Of course the idea of a Boston club woman carrying a pet of this kind tickled the fancy of many and called forth some invidious comments from the cynics. The woman, however, seemed to enjoy the commotion she caused and exploited the charms of the treasured marmoset, dwelling on the intelligence behind his shining eyes. Since these animals have become popular their price has gone up, but many women say that a paltry few hundred dollars isn't too much to pay for a toy that gives them so much delight.

Novel Wooden Wedding Gift.

When Mr. and Mrs. William D. Green of East Orange, N. J., celebrated their wooden wedding a few weeks ago they received numerous gifts from their friends, says an East Orange special dispatch to the New York Times. There was some surprise when one of the guests made the announcement that he and several others had decided to present them with an automobile garage. Complications arose over the erection of the structure, inasmuch as the building code of East Orange prohibits a garage within thirty feet of a dwelling and the plans of the donors had not taken the law into consideration. New plans were drawn which came within the law, and now the garage is in use.

Missed Her Chance.

May—I believe that Miss Pussey had a proposal when she was sixteen. Blanche—Indeed? And the poor thing was so young and thoughtless that she did not accept?

THE SILENT WORKER.

Remarkable Value in Labor of \$10,000 Wisely Invested.

In these days of great financial transactions, when men are striving for power and riches, the effect of the aggression of wealth as well as the wisdom of thrift and prudence are shown in the following article by Theodore Dreiser, who points out the power and equivalent in labor of \$10,000 wisely invested:

Herein lies the beauty of wealth: If you have the opportunity by means of labor or inheritance or any other hook or crook to secure the sum of \$10,000 you then have the equivalent of what, if properly invested, is equal to one man's labor every day in the year, Sundays included, for all the time that you shall hold the sum mentioned. Think of it! One man working for you day after day, in rain or shine, whether there be good times or bad, through sickness and in health—one man working all the time! If you were super-sensitive and owned a slave such conscientious, unvarying labor on the part of any one might be disturbing to you—you could not be entirely indifferent to his material or spiritual wants. If he were ill you might, perforce, almost be compelled to be sorry. If he were pale or run down in health you could not help but feel that he might need a rest in his labor. If he were oppressed by debt, wrought upon by the illness or wants of others, you would be apt to take cognizance in some small way, but here by the good fortune of inheritance or the sense of prudence you are saved all this.

The man whom your money represents is never ill. He is not, so far as you can know or see, possessed of a family. He is not a creature of ambitions, not a person of feelings. No desires drag at his heartstrings as they do at yours. He is a strange creature, built of some odd material that never wearies. His hands are quick, his feet willing, his mind incapable of worry or care. All day he works and all year—after year—and, though you be taking your leisure at the shore or in the city, though you rest and never think, he is busy—this slave of yours—laboring, laboring, so long as you own the \$10,000 he represents. Seasons come and seasons go. Your own life becomes a weariness to you. Work loses its charm, but he, this creature whom your \$10,000 represents, is ever plodding. Though you eat, drink and be merry, you need have no fear for him. He cannot rest. He cannot die. Theodore Dreiser in Tom Watson's Magazine for September.

BOYS WITH SIGHT OF OWLS.

Two Connecticut Lads, Blind in Daylight, See Well at Night.

On the east side of Hartford, Conn., live two brothers who during daylight are nearly as blind as owls, but at night can see like cats, says a Hartford dispatch to the New York World. When the sun is shining Hyman and Abe White, one six and a half years old and his brother three years younger, seek the darkest and shadiest places they can find to avoid the glare of light that makes vision practically impossible for them. When the shades of night fall they are ready for anything, and in a condition of darkness that prevents their little friends from seeing anything around them Hyman and Abe are perfectly at home.

The father of the two boys named is a dealer in bottles, and he has had the eyes of his two sons examined by experts in Hartford and New York. Nothing that has been done has helped their condition. The boys are not depressed in spirits by their affliction. They are sorry they are unable to play with other boys in the bright daylight, but they remain cheerful and are usually able to find some companions in their shady and sheltered retreats in Riverside park.

The darker and more shaded the spot the better it suits Hyman and Abe, and they are glad when the sun goes down and permits them to see clearly the objects around them. Their little eyes are peculiarly sensitive to light.

The neighbors say the White boys will have to be taught in the night schools, as they will be unable to study during the daytime.

THE WORST FLOOD IN YEARS.

Heavy Rains Cause Havoc in Western Missouri.

Kansas City, Sept. 18.—Heavy rains still continue in Western Missouri, forcing streams up and causing much damage to railroads and other property. Carrollton is experiencing the worst flood since 1888. At that place seven inches of water has fallen in the past twenty-four hours and eleven inches since Thursday. Wakenda creek is out on a rampage and Carrollton is cut off from the Wabash depot except by boat; all residents in the lowlands are moving out, and the Standard Oil works, the city water works and the electric light plant are threatened and may have to shut down. The water is rising at the rate of four inches an hour. The damage to crops in the Wakenda and Turkey creek bottom is already heavy.

Six inches of rain has fallen at Marshall since Saturday and the Salt Fork river near that city is over a mile wide. The Missouri Pacific tracks are flooded for a considerable distance and much of the track has been washed away.

A Missouri Pacific steel bridge 130 feet long over the Lamine river at Ottumwa went out Sunday and traffic on the Eastern division of the main line will be impeded for a day or so.

While rain again fell at Kansas City during the day, no damage was done and the Kaw and the Missouri rivers continued to fall.

FATAL COAL MINE ACCIDENT.

One Man Killed and Three Others Badly Injured.

Springfield, Ill., Sept. 18.—Ned Handel was killed, Dan Jenkins suffered fatal injuries, and Adam Fletcher and Charles Cushing sustained serious wounds Sunday in a coal mine accident at Stonington. The men were working half way down the shaft, and signalled to be hoisted. The engineer lost control of the hoisting machinery and two of the men attempted to jump to safety at a landing, while Handel and Cushing were drawn to the top and pinioned in the wreck.

Open Door in Manchuria.

London, Sept. 18.—The Shanghai correspondent of the Morning Post says that an imperial decree has been issued ordering many ports in Manchuria to be open equally to all treaty powers.

TELEGRAPHIC BREVITIES.

The national encampment of the Sons of Veterans is being held at Gettysburg, Pa.

Mrs. Neil Burgess, wife of the actor and niece of J. H. Stoddard, died Sunday at her home in Highland's, N. J.

An automobile driven by J. A. McLeod dashed into a trolley wire pole at St. Paul and Mr. McLeod was badly hurt.

The Three I Baseball league Sunday closed its most successful season financially. Dubuque won the pennant and Rock Island secured second place.

Calumet Baking Powder
Perfect in quality.
Moderate in price.

TAFT SAILS FROM YOKOHAMA.

Secretary of War and Party Leave the Orient for Home.

Yokohama, Sept. 18.—Secretary of War Taft and party sailed at 3 p. m. for San Francisco on the steamer Korea amid Japanese enthusiasm. Secretary Taft was given a reception in the afternoon at the American consulate by local merchants. Before sailing Secretary Taft said that he thought that reports of the Japanese anti-peace demonstrations had been greatly exaggerated in America. He and his party had traveled all through Japan and had found no trace of any anti-foreign nor anti-American feeling. While a prominent American party had been involved in a Tokio mob, he thought that it was because the party happened to be caught in the mob and not because they were Americans. Other churches beside American churches had been burned. There was a special reason in each case, but no general anti-foreign feeling was responsible.

Secretary Taft said that he had examined the Chinese boycott closely. The Chinese, he said, want American goods badly and, having already lost \$15,000,000 by the boycott, are finding out that they are cutting off their nose to spite their face.

\$100 REWARD. \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

OUTLAW CHIEF KILLED.

Filipino Rebel Jumps From a Cliff When Surrounded.

Manila, Sept. 18.—Felizardo, chief of the outlaws in the province of Cavite, who for a long time have made trouble for the authorities, was surrounded Sunday near the Batangas border and jumped over a cliff. He was killed by the fall. The death of Felizardo, it is believed, will end the disturbances in the province of Cavite.

Boy Accidentally Shot.

Minneapolis, Sept. 18.—Eddie Sandberg, thirteen years old, was accidentally shot through the brain by his seventeen-year-old friend, Anton Berse, 2012 Twenty-sixth street south, Sunday morning. The tragedy occurred on a hunting trip in which the two boys and two friends, Leonard Hutter and Harry Newbaard, took part.

A Revelation.
If you will make inquiry it will be a revelation to you how many succumb to kidney or bladder troubles in one form or another. If the patient is not beyond medical aid, Foley's Kidney Cure will cure. It never disappoints. H. P. Dunn & Co. mfwlm

CONDITION IS SATISFACTORY.

Illness of Baron Komura Shows No Marked Change.

New York, Sept. 18.—The following bulletin was issued at night on the condition of Baron Komura, who has been ill in this city for some time. "The condition of Baron Komura at 6 p. m., in the opinion of both physicians in attendance, was satisfactory in every respect."
